

# Emergency Battery Conditions

## How to prevent and manage them

**Duration:** 1.0 Days

**Course Description:** This course is a series of PowerPoint slides covering:

- Safety & battery problems
- Batteries and temperature environment
- How small leaks start big fires
- Managing Thermal Runaway
- When, where and how to neutralize

**Target Audience:** This course is designed for Network Engineering and Operations personnel. This training is geared for both the newcomer and experienced employees.

**Course materials supplied:** A copy of all slides and a job-aid booklet is provided .

**Min/Max class size:** Although the target class size is 10 – 15 students, any class size from 5 to 50 is possible.

**Prerequisite skills:** A basic familiarization with telecommunications is helpful.

**Cost:** As this is a suit-cased course, travel and living time and expense can have a significant impact on overall cost as will the availability of suitable conference room facilities. Please contact us for a site-specific quotation. We'll need to know the approximate headcount, where in the country and whether a suitable conference room is available.

**For more information:** Please contact us at (215) 880-2488 or email [dan@danmcmenemy.com](mailto:dan@danmcmenemy.com)
